

Name _____ Last _____ Period _____

Eb3: Questions for Satellite Phone Conference Due Date _____

Your task is to create three unique eb3/research-related questions that you could ask during our satellite conference to the Earthbound Three and Mongolian Argali Research Teams. Keep in mind that we'll mainly be talking with Jamie, but may also have a chance to talk to Tyler, Arsen, Auggie, or the PIs.

To earn the full 5 pts, the questions should address ideas we haven't covered in our student-conversations or haven't been already been posted on the question board (top tab at website: www.bcoleman.org/mongolia). This means that 3rd and 4th period should check the website sometime Saturday or Sunday to see what 2nd period questions were asked during the Friday Sat-phone conference.

Question 1: _____

Question 2: _____

Question 3: _____

Are you willing to ask a question during our satellite conference? (circle one) YES NO

Are you willing to ask a question for someone who doesn't want to talk? (circle one) YES NO
